

Below you will find our Parent-to-Parent Pledge. If you are interested in participating in this pledge please print and fill out the form and return it to your child's school office at your earliest convenience.

Parent - To - Parent Pledge

As parents/guardians we believe our involvement is vital to preventing early, dangerous, and illegal use of alcohol and chemicals by our children.

We therefore commit ourselves to the following:

1. We support each other's efforts to keep our children healthy and alcohol/chemical free.
2. We will have only alcohol/chemical free activities or parties for our children and their friends.
3. We will be present and supervise all our children's home parties.
4. We welcome phone calls from parents regarding activities of our children.
5. We support elimination of hotel/motel, lake home, and country parties without proper adult supervision.
6. We support responsible, age-appropriate curfews.
7. We support the school's efforts to eliminate the use of alcohol/chemicals by our young people.

We sign this pledge with the knowledge that our names will be shared with other middle school parents. Each year we will reevaluate our commitment to these beliefs.
